

A Message from the Chairman

Prof.Arjuna De Silva

Chairman

Establishment of Sri Lanka Anti-Doping Agency is a great victory which fulfilled a long-term need in the sports sector of Sri Lanka.

Some players who represented our country in International events were found positive for having Prohibited Substances bringing ignominy to the country and it is a fact to be considered seriously. The prime objective of this institute is to eradicate all forms of doping from Sri Lankan sports.

Also, in the Asian Region the Convention against Doping in Sport Act No.33 of 2013 is the soundest legal instrument which creates a strong foundation for the elimination of doping. Because, it has provisions to bring a person who induces, supplies, administers any Prohibited Substance, a person who possesses or traffics and a person who aids and abets the commission of anti-doping rule violation, in front of a Court of Law.

Using Prohibited Substances is against the cardinal principle of Sports. Viz, Cleanness and Fairness and more over spectators are also get betrayed because of the usage of Prohibited Substances. In the long run Prohibited Substances may cause various health hazards to a player. Sometimes it may culminate in death as well.

Because of those reasons and in order to prevent the use of Prohibited Substances we must make a concerted effort. For that we conduct island wide Awareness Programs to improve the knowledge of the sportsmen, sportswomen, those who are engaged in sports sector and their family members as well as the general public on the importance of anti-doping.

Not only that, anti-doping testing are being carried out by this institute having spent a large amount of money annually and always those testing are conducted according to the international standards. We expect to train some more staff who are capable of participating in any national and international event.

Also, here I express my satisfaction over the improvements made by this institute in a relatively short period of time and I wish this institute all the success in her future endeavours in attaining all objectives.

A Message from the Director General

Dr. Seevali Jayawickreme
Director General

“**Clean Sport** “has become the slogan in the sports arena. The paramount aim of establishing the Sri Lanka Anti Doping Agency (SLADA) is to eradicate all forms of doping in sports. Therefore the objective of SLADA is to have sports free from doping.

In the march towards this objective we focus our attention on two factors, namely, conducting anti-doping testing according to the international standards and conducting island wide Awareness Programs.

We are proud to say that in 2014 we were able to conduct nearly 233 anti-doping testing and 5 disciplinary inquiries were held against the players who were alleged for Anti-Doping Rule Violations.

We received a contribution from UNESCO to conduct the Awareness Programs covering every district of the country. The number of participants for the awareness programs during the year was nearly 2035.

We have been able to initiate an advertising campaign of Sri Lanka Anti-Doping Agency in 2014 to enhance the awareness among the people on Prohibited Substances.

Being able to launch the official website of the institute in December 2014 is another positive step of Sri Lanka Anti-Doping Agency.

Let's look forward to more successful 2015 than the past year which will bring new heights towards sports free of doping

Sri Lanka Anti-Doping Agency

The Convention against Doping in Sports Act, No. 33 of 2013 was drafted on 9th day of September 2013 to give effect to the International Convention against Doping in Sport, to make provision for the implementation of the said convention by the establishment of the Sri Lanka Anti-Doping Agency and for specifying the applicable Domestic Legal Mechanism to combat against doping in sport within the framework of the Aforesaid Convention.

The provisions for the establishment of Sri Lanka Anti-Doping Agency are laid down under part III of the Aforesaid Act.

Research Unit acquires a prominent place among other basic objectives of the Agency. It expects to identify new trends in Doping Testing and Usage of Prohibited Substances and Methods. Also, Sri Lanka being an eastern country in which indigenous medicine also acquires a prominent place, players sometimes take indigenous medicine from Ayurvedic Doctors and others from different medical systems. So, it is important to do a research on indigenous medicine in order to identify the content in those medicine and to see whether it contains prohibited substances according to the Prohibited List published by World Anti-Doping Agency annually.

Usage of Prohibited Substances and its ill effects is still a new topic to Sri Lanka. General public and even people who are engaged in sports (players, trainers, coaches, and parents) do not possess a proper understanding on Doping Control. As a result this institute owes a responsibility to build up public awareness in this regard. Therefore, we conduct an all Island Awareness program series district wise funded by UNESCO and in addition to that, Awareness Programs are conducted to

enlighten Sports personnel. Also, we are planning to organize a school level seminar series in the near future to make school children aware and teach them how to get rid of this menace.

Even though, a player can achieve so many trophies and make new records easily by using prohibited substances, it may cause so many damages to his body in the long run and it may culminate in death as well.

Therefore, taking all steps to avoid players from using prohibited substances has become an immeasurable and incalculable service rendered by this institute. The main objective of this institute is to eradicate all forms of doping in sport and to promote clean and fair sport in the country before this becomes a social menace.

Players earn a good reputation to the country where he belongs. But when it is found that he had used Prohibited Substances and he had achieved all those things by cheating the world it brings a shame to the country as well and it devastates the dignity of the country. It causes an irreparable damage to the country's good will. Therefore, we have a duty to eliminate this malpractice from our sports and protect Sri Lankan pride and dignity before the world.

VISION

A Dope free Sri Lankan Sports energy for a right and fair achievement.

MISSION

To implement the convention against Doping in Sport Act No.33 of 2013, according to world Anti-Doping Act and its Regulations.

Objectives

In terms of Section 11 of the Act,

11. The Objectives of the Agency shall be —

- (a) to take such measures as are required for eradicating Doping in Sports;
- (b) to promote research into the area of Doping in relation to sports and reciprocal testing between the Agency and other International Organizations carrying out similar functions.

- (d) To open and maintain current and savings accounts in any bank;
- (e) To accept grants or donations from persons or bodies of persons, whether in or outside Sri Lanka;
- (f) To enter into or perform, all such contracts as may be necessary for the exercise of its powers or the discharge of its functions;
- (g) To invest any money belonging to the Agency;
- (h) To borrow such sums of money as may be necessary for the purpose of discharging its functions;
- (i) To appoint, employ, remunerate and exercise disciplinary control over, and dismiss such officers and servants as are necessary for the discharge of the functions of the Agency under this Act;
- (j) To charge fees for the services and assistance provided by the Agency: and
- (k) To do all such other things which in the opinion of the Agency are necessary to facilitate the discharge of its functions.

Powers, Duties and Functions of the Agency

Powers, Duties and Functions of the agency are laid down under Section 12 of the Act.

12. The Agency shall have such powers as may be necessary for the implementation of its objectives and the discharge of the duties and functions assigned to it, and in particular shall have the power to do all or any of the following:-

- (a) To plan, co-ordinate, implement and monitor anti-doping activities;
- (b) To take measures against anti-doping rule violations;
- (c) to acquire (whether by sale, gift or otherwise), hold, take or give on lease or hire, mortgage, pledge and sell or otherwise dispose of, any movable or immovable property;

As mentioned in the Section 13 of the Act, the Administration, Management and Control of the affairs of the Agency is to be vested in a Board of Governors.

According to Section 14 of the Act the Board shall consist of the following,

14. (1) The Board shall consist of the following:

(a) ex-officio members, namely—

- (i) An officer not below the rank of Senior Assistant Secretary nominated by the Secretary to the Ministry of the Minister to whom the subject of Sports is assigned;
- (ii) The Director General of Sports Development ;
- (iii) The Director General of the National Institute of sports Medicine;
- (iv) The Director of the National Institute of Sports Science; and
- (v) Six members appointed by the Minister (hereinafter referred to as the 'Appointed Member's distinguished in the field of law, Sports, Medicine and Sports Science.

(2) The Minister shall appoint one of the appointed members of the board to be the Chairman of the Board. The Chairman so appointed shall hold

— office for a term of three years and shall be eligible for reappointment.

(3) A Person shall be disqualified from being appointed or from continuing as a member of the Board, If he

- (a) Is, or becomes, a member of Parliament or a member of a Provincial Council or a member of a Local Authority as the case may be; or
- (b) Directly or Indirectly, holds or enjoys any right or benefit under any contract made by or on behalf of the Agency; or
- (c) Has any financial or other interest as is likely to affect prejudicially the discharge by him of his functions as a member of the Board.

In terms of Section 17, an appointed member of the Board shall hold the office for a period of three years from the date of the appointment.

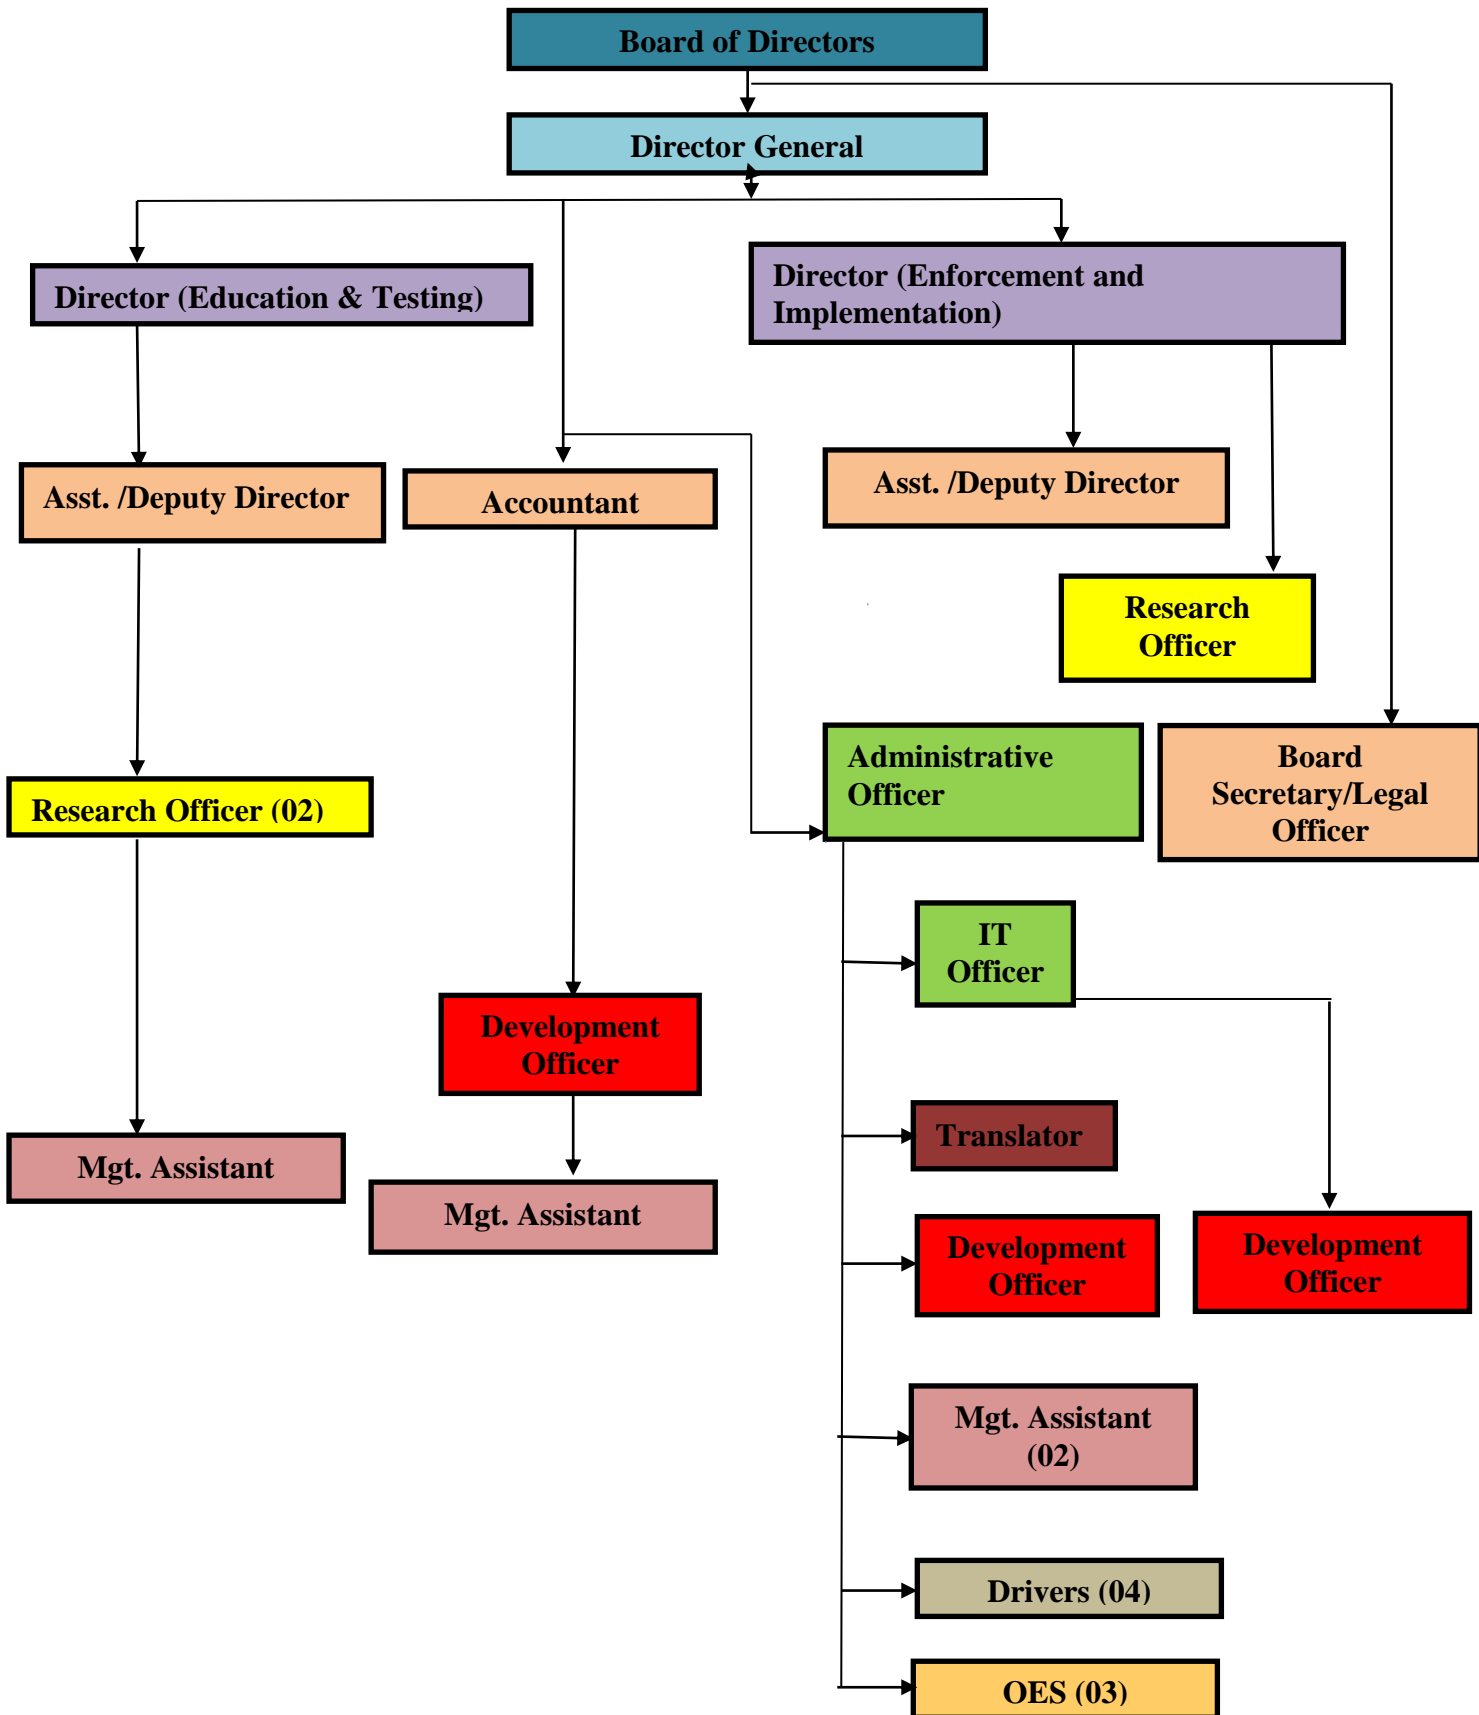

**Trust your Talent.
Say no to Doping.**

STAFF

The Department of Management Services, Ministry of Finance has approved a carder of 27 for this Agency.

Prohibited List published by WADA annually

In terms of Section 34 of the Act, it is required to publish the Prohibited List for 2014 in the Government Gazette in Sinhala, Tamil and English. Accordingly, that list was published in the Government Gazette on 05.09.2014.

Staff Recruitment made in year 2014

There are 04 Management Assistants and 03 Office Aides in the Permanent Cadre of the Agency. We were able to appoint 02 Management Assistants and 03 Office Aides on 15.09.2014.

Advertisements for following positions were published in Sinhala, Tamil and English in Silumina, Thinakaran and Sunday Observer respectively on 28.09.2014.

01. Director-Information Technology, Empowerment and Implementation.
02. Assistant Director/ Deputy Director
03. Accountant
04. Administrative Officer
05. Research Officer
06. IT Officer
07. Development Officer

As a result of the advertisements published on 28.09.2014 Sri Lanka Anti-Doping Agency received over 300 applications for the post of Development Officer. Three officers were recruited on 20.11.2014. Interviews were held on 19.11.2014. In addition, one person was recruited for the post of Office Aid on 17.11.2014. On the same day, two persons were recruited for the post of Management Assistant.

Being a newly established Institute, Sri Lanka Anti - Doping Agency has a responsibility to build up awareness among the general public since this is not a much discussed topic in Sri Lankan Sports Sector. Therefore, we have taken appropriate steps to promote clean sport by making a doping free society. Initiatives have been taken to launch an advertising campaign before the end of this year. This campaign is designed to encompass all the schools, National Stadiums and main grounds island wide and Television and Radio Commercials as well as Press Advertisements.

Web Launching

The initial work of the Advertising Campaign was started in the mid of December.

The official Website of Sri Lanka Anti-Doping Agency was launched by the Honorable Minister Mahindananda Aluthgamage. This function was held on 24.12.2014 at the main auditorium of the Ministry of Sports. After that, a press conference was held to enlighten the media on what we have done during the first year after establishment.

Victory achieved by sheer effort will last forever.

The Model Rules 2015 published by World Anti-Doping Agency was sent to WADA having done certain changes according to the standards of Sri Lanka.

Prohibited List-2015

Also, the Prohibited List - 2015 was translated into Sinhala and Tamil and has been given to the Secretary, Ministry of Sports to be published in the Government Gazette in three languages. This List comes into effect from 01st of January 2015.

An Adjournment Debate on the regulations passed by Parliament on 09.10.2014 under the convention against Doping in Sports Act (Gazette Extra Ordinary No. 1878/44 of 05.09.2014) was held on 23.10.2014 from 6.30 p.m. to 8.30 p.m. Two members of the board of Directors and Two officers from SLADA were participated in it. Where the Honorable Minister appreciated the services rendered by Sri Lanka Anti-Doping Agency.

Sri Lanka Anti-Doping Agency gave their contribution to make Policy No.25 on 'Prohibition of the Usage of Prohibited Drugs and Stimulants in the next 5 years' of the National Policy of Sports.

In the Monthly Progress Meeting held on 25.11.2014 the Hon. Minister suggested to locate Sri Lanka Anti-Doping Agency in the old Building of the Department of Sports Development. As a result the 2nd Floor will be given to Sri Lanka Anti-Doping Agency and initial steps were taken to start the necessary repairs to the proposed floor to be commenced in the 2015 January. Accordingly an estimate was made with the assistance of the Engineering Services Division of the Department of Sports Development.

Other Special Events

- Two representatives from Sri Lanka Anti - Doping Agency participated in INADO Workshop 2014 and the Annual General Meeting held in Switzerland from 24.03.2014 to 26.03.2014. Where Sri Lanka Anti - Doping Agency obtained the membership of INADO.
- Two representatives from Sri Lanka Anti - Doping Agency attended WADA Anti - Doping Symposium in Switzerland.
- Two representatives from Sri Lanka Anti - Doping Agency participated in SARADO Anti - Doping in Sport Seminar, Board Meeting and Results Management Training held in Male, Maldives from 28.04.2014 to 01.05.2014.
- The Chairman of Sri Lanka Anti - Doping Agency attended the 11th Asia/Oceania Region Intergovernmental Ministerial Meeting representing the Sri Lanka Anti - Doping Agency held in Jeju Island, Republic of Korea on 02.06.2014 to 03.06.2014.
- The Director (Education & Testing) of Sri Lanka Anti-Doping Agency participated in the two weeks Training Program organized by International Academy of Sports Science and Technology in collaboration with Tsukuba International Academy for Sports Science. The program was held from 27.09.2014 to 13.10.2014 and 37 participants from 21 countries were participated in the event which was held in Tokyo, Japan.
- The Director General of Sri Lanka Anti-Doping Agency represented Sri Lanka at the WADA TUE Symposium held in Paris, France from 22.10.2014 to 26.10.2014.

Goals for year 2015

- Next year our main focus will be drawn for research on indigenous medicine to find the chemical content of those medicine and to see whether they contain prohibited substances according to the Prohibited List published by world Anti – Doping Agency.
- At present, as we do not have a proper place as the permanent Headquarters, we expect to construct a spacious, well-furnished and well – equipped building by the end of 2015 as it is indispensable to conduct Anti – Doping Testing while maintaining the international standards.
- This institute expects to expand the Anti – Doping Testing in 2015 and establish a research unit. Also we expect to conduct Disciplinary Inquiries against the players who have been involved in Anti – Doping rule violations in a more efficient manner.
- It is important to train staff (Doping Control Officers and Chaperones) and these Trainings will be conducted according to the International Standards.
