04-06-2019

Physical and Financial Progress

## Research

- Ethical approval was obtained for the research proposal titled “Dietary Supplement induced health effects in Sri Lankan athletes” by the Ethics Review Committee of the University of Kelaniya.
- Research proposal titled “The effect of bacterial contamination on the results of the urine sample testing for banned substances in sports” was resubmitted to the Ethics Review Committee of the University of Kelaniya, making the changes suggested by the first review.
- Prepared Evaluation criteria in the Bidding document for the purchasing LC-MS/MS instrument, Reference libraries, Analytical methods, Nitrogen generator, ultra pure water system, Reference standard, working chemicals and Nitrogen evaporating system.
- Liaised between Technical Evaluation Committee members and the accounts department of SLADA regarding the above-mentioned purchasing.
